

TOYOTA

Move your world

AN ICON.
PERFECTED.

**NEW CAMRY
HYBRID ELECTRIC**

BEYOND ZERO

AN ICON.
PERFECTED.

To be an icon is to stand apart.
Not just for a moment but across time.

An icon doesn't just stand still. It leads.
By challenging the status quo, setting new benchmarks,
and lighting the way for others to follow.

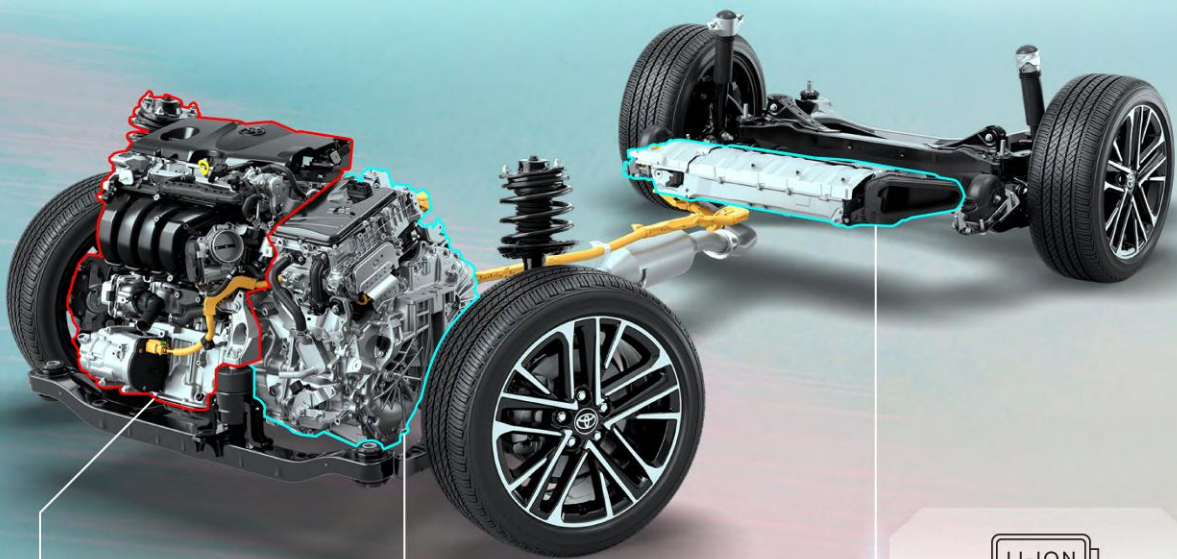

An icon isn't just remembered.
It's revered, because it's not just great.
It's made even greater by the will to never settle.

The New Camry Hybrid Electric

5th GEN TOYOTA HYBRID ELECTRIC SYSTEM

The New Camry Hybrid Electric sets a new standard as Malaysia's first sedan to come with the 5th Generation Toyota Hybrid Electric System. This system has a compact transaxle and Power Control Unit (PCU), and a newly developed Lithium-ion battery installed below the rear seat.

It also comes with the TNGA platform for increased stability & agility, providing the driver with greater confidence and driving enjoyment.

PERFORMANCE

ICONIC DRIVABILITY

Renown often comes with the power to make a difference. The New Camry Hybrid Electric comes with the latest innovative technology to deliver performance befitting an icon.

The New Camry Hybrid Electric has the best fuel consumption in its class at 4.0L / 100km.

HYBRID ELECTRIC POWERTRAIN

MAX. OUTPUT

Engine
138kW (188PS) / 6,000rpm

Motor
100kW (136PS)

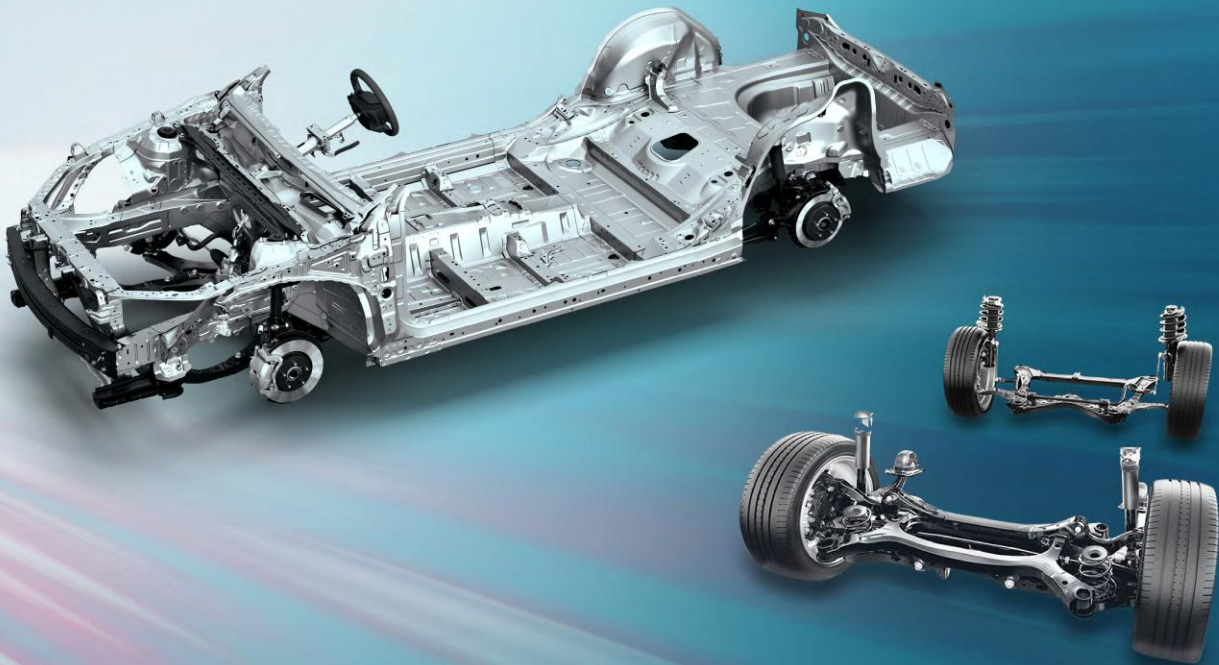

Combined Output
169kW (230PS)

MAX. TORQUE

Engine
221Nm / 3,600 - 5,200rpm

Motor
208Nm

TNGA Toyota New Global Architecture

TNGA PLATFORM

The chassis has been upgraded with retuned springs, shock absorbers and stabilisers to provide the driver with even greater stability, agility and confidence.

MACPHERSON STRUT & DOUBLE WISHBONE REAR SUSPENSION

Enhances handling response without compromising on passenger comfort.

PADDLE SHIFTERS

Gives the driver control similar to a manual car, allowing the driver to shift the gears up or down while their hands remain comfortably on the steering wheel.

EV MODE & DRIVE MODE SWITCH

EV Mode allows for almost complete silence with reduced emissions. The Drive Mode Switch allows you to select ECO Mode for increased fuel efficiency or SPORT Mode for an even more responsive performance.

E- CONTINUOUSLY VARIABLE TRANSMISSION (E-CVT)

Allows for smoother accelerations and increased drivability.

ICONIC AESTHETICS

While the New Camry Hybrid Electric comes with an evolved exterior, the signature Camry presence is obvious at a glance.

ELEVATED IMAGE

The overall design has been perfected with enhanced aerodynamics, precision and aesthetics.

LED HEADLAMPS & DAYTIME RUNNING LIGHTS (DRL)

The new hammerhead design pushes the sleeker headlamps out to the corners, enhancing their style, while the Daytime Running Lights (DRL) add subtle sophistication.

FRONT DESIGN

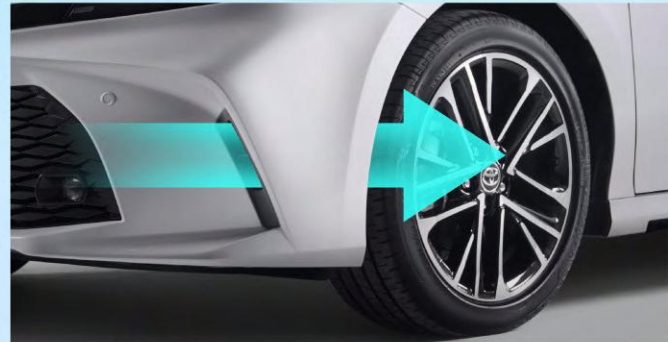

The new front grille features horizontal bars integrated with a diamond mesh, creating a bold new impression.

EXTERIOR

PANORAMIC SUNROOF

Large glass panels create a larger, more luxurious atmosphere, while a mesh deflector reduces wind noise when the sunroof is fully open.

AIR CURTAINS

These newly designed air curtains control airflow to increase aerodynamics while adding to the New Camry Hybrid Electric's striking impression.

18" ALLOY RIMS

Artistically arranged spokes form an intricate dynamic design.

REAR DESIGN

The wide structure design continues at the back, with the LED rear lamps stylishly shaped to support a bolder impression.

ICONIC AMBIENCE

The luxurious sophistication promised by the exterior is granted when you step into the New Camry Hybrid Electric.

SOPHISTICATED STYLING

The instrument panel exudes modern simplicity, consisting of advanced technology and quality materials that form a dynamic visual design, flowing from the centre to the doors.

AIR VENTS

The air vents have been artfully integrated into the sculptural form of the instrument panel. The striking layered blade design emerges gracefully as it extends to the passenger vents.

12.3" COLOUR MULTI-INFORMATION DISPLAY (MID)

Highly customisable to four different visual designs: Casual, Smart, Tough and Sport. Each visual design can be customised with up to 3 different layouts.

POWER-ADJUSTABLE STEERING WHEEL WITH MEMORY

Adjusts the steering column at the push of a button, and retracts the steering column when the engine is turned off to allow the driver an easy exit.

12.3" DISPLAY AUDIO WITH WIRELESS APPLE CARPLAY

Now with improved resolution and layout design. Supports wireless Apple CarPlay and wired Android Auto™ so you can access your phone functions on its larger screen. Also comes with an in-built navigation system.

9-SPEAKER PREMIUM JBL AUDIO SYSTEM WITH SUBWOOFER

Turn your favourite tunes into immersive experiences courtesy of JBL's phenomenal sound quality.

CONVENIENT STORAGE

The New Camry Hybrid Electric organises your essentials with versatile storage spaces.

INTERIOR

SMART ENTRY & PUSH START SYSTEM

Allows the driver to store one preferred position of the driver's seat, wing mirror & steering column in the remote key.

8-WAY POWER-ADJUSTABLE DRIVER'S SEAT WITH MEMORY

In addition to being able to move into the perfect position to maximise driver comfort, the driver's seat has a slide-away function, sliding back to allow the driver an easy entrance or exit. Both the driver's and passenger's front seats have electrically adjustable lumbar support.

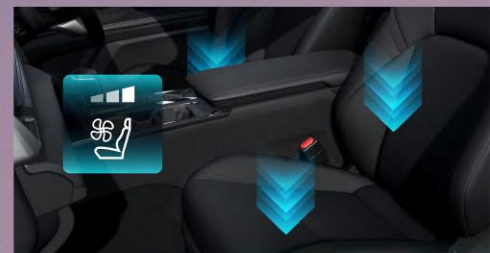

POWER-RECLINING REAR SEATS

Offers a luxuriously comfortable recline angle of 8°. Complete with Control Panel Armrest to have full control over the seats, air-conditioning, power sunshades and audio system.

TRI-ZONE AUTOMATIC CLIMATE CONTROL WITH REAR VENT

Allows the driver, front passenger & rear passenger to set their temperatures independently according to their own preferences.

SEAT VENTILATION

The front occupants can now increase their comfort on hot days or long drives with air circulating within the seats to reduce heat and moisture.

360-T Advanced

It's all about Trust & Technology by Toyota.

SAFE-T Trust for smoother journeys ahead

SAFETY

PRE-COLLISION SYSTEM (PCS)*

Avoids or mitigates frontal collisions by alerting the driver and automatically applying the brakes when there is a risk of collision. Now applies to pedestrians, bicyclists and motorcycles.

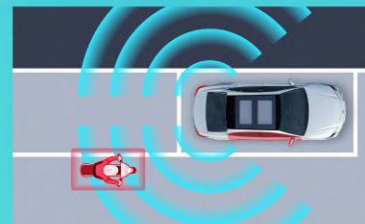

DYNAMIC RADAR CRUISE CONTROL (DRCC)*

Maintains a safe distance from the preceding vehicle and brakes automatically when the car ahead slows down.

ROAD SIGN ASSIST (RSA)*

Keeps you always aware of the speed limit by scanning the road sign and displaying the speed limit on the Multi-Information Display (MID) and Head-Up Display (HUD).

SAFE EXIT ASSIST (SEA)*

Detects vehicles (including bicycles) approaching from the rear and alerts the driver or passenger when they open the car door to help avoid or mitigate collisions.

Toyota
Safety
Sense

LANE DEPARTURE ALERT (LDA)*

The Lane Departure Alert (LDA) warns you when an unintentional lane change is detected, while the Steering Assist gently corrects your steering wheel.

LANE TRACING ASSIST (LTA)*

Keeps the vehicle centred either by detecting the lane or the preceding vehicle. Now with enhanced software that recognises the distance to the preceding vehicle, which improves tracing around a curve.

AUTOMATIC HIGH BEAM (AHB)*

Automatically switches between high beam and low beam as needed to provide maximum road visibility.

ICONIC CONFIDENCE

An icon is always certain of every move they make. Let the advanced technology of the New Camry Hybrid Electric ensure you always make the right decision.

*Driver remains solely responsible at all times for safe driving.

SAFE-T Trust for smoother journeys ahead**BLIND SPOT MONITOR (BSM) WITH REAR CROSS TRAFFIC AUTO BRAKE (RCTAB)**

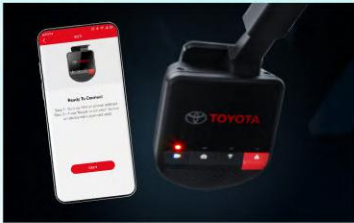

Detects and alerts if there is another vehicle in the blind spot.

**PANORAMIC VIEW MONITOR (PVM)**

Get a detailed 360° view of your vehicle for manoeuvring confidently in tight spaces.

**7 SRS AIRBAGS**

Driver, front passenger, side, curtain and driver's knee airbags provide complete protection for the driver and passengers in the event of a collision.

CONNECTIVI-T Technology at your command**FRONT & REAR DIGITAL VIDEO RECORDER (DVR)**

Convenient access and monitoring via Toyota DVR app.

**WIRELESS CHARGER**

Offers convenient charging for Qi* standard-compliant devices, without the use of a cable.

**VEHICLE TELEMATICS SYSTEM (VTS)**

An integrated system that monitors and shares your vehicle's real-time location through a mobile app.

GUARAN-T Total peace of mind

8 years warranty from the date of first registration with unlimited mileage covering the Hybrid Electric Vehicle (HEV) battery, inverter and power management control ECU. Warranty can be extended for another 2 years. Terms and conditions apply.

5 years vehicle warranty from the date of first registration with unlimited mileage. Terms and conditions apply.

*International standard for wireless charging developed by Wireless Power Consortium.
